

# COUNTY SERVICE AREA (CSA) 2 SEWER REHABILITATION PROJECT

**Community of Aspendell (Elev. 8400)  
Bishop Creek Area, Inyo County, CA**

## MAIN PROJECT OBJECTIVES

Replace existing sewer pipe and install new PVC sewer pipe in order to:

- Reduce the potential for sewage spills from pipe blockage due to tree root intrusion at pipe joints.
- Reduce infiltration of groundwater from existing manholes, pipe joint problems/failures.

# Project Construction Details
