

## Clean Water State Revolving Fund Workshop **Completing a Successful CWSRF Application**

Please join the State Water Resources Control Board's Division of Financial Assistance at the Clean Water State Revolving Fund (CWSRF) Workshop- Completing a Successful CWSRF Application.

This workshop will present an overview of the various components of a successful CWSRF Application. The State Water Board Staff will discuss environmental, financial, technical application expectations and common application deficiencies. There will be an opportunity for stakeholders to ask questions and the State Water Board Staff will clarify application expectations necessary to avoid project review delays. Topics of discussion shall include a brief overview of the CWSRF funding application processes, as well as a discussion specific to the State Water Board expectations regarding the environmental, financial, and technical, application packages.
